

62<sup>nd</sup> Annual Convention  
"Seminars in Pathology"  
December 2 – 5, 2009

**MEMORANDUM**

TO: Registrants of the Saturday morning seminar "Diagnostic Problems in Surgical Pathology"

FROM: Charles Lassman, M.D.

FAX: (310) 267-2058

DATE: November 30, 2009

---

As we have done in the past, we are going to try to tabulate registrant diagnosis for the six unknown cases and have the tally available at the program. In order to accomplish this, please give your diagnoses to the six unknown cases, and fax your answers to me at the above fax number. I will need your answers no later than November 30<sup>th</sup>. You can access the diagnosis form and the case histories from the links provided below. This year CSP has decided to only provide digital slides for viewing. All 6 cases will be available on our web site CSP website, at [www.calpath.org](http://www.calpath.org). Thank you.

**ANSWERS TO DIAGNOSTIC PROBLEMS IN SURGICAL PATHOLOGY**
