

Disclosure of Conflicts of Interest

The California Society of Pathologists requires instructors, planners, managers and other individuals who are in a position to control the content of this activity to disclose any real or apparent conflict of interest (COI) they may have as related to the content of this activity. All identified COI are thoroughly vetted and resolved according to CSP policy. The CSP is committed to providing its learners with high quality CME activities with expert faculty that provide the newest diagnostic information and facilitate the practical application of this information to enhance patient care. The CSP is also committed to educate physicians on delivering culturally and linguistically appropriate care.

The **faculty** reported the following financial relationships or relationships they or their spouse/life partner have with commercial interests related to the content of this continuing education activity.

Unless otherwise noted, the faculty, planners, facilitators, and staff have nothing to disclose.
